

PRESS RELEASE:

Army Veteran and Christian Minister Writes “Walking Trophies” Book to Advocate Evangelism

Tampa, FL, August 1, 2021: Marquez Hughley, a 40-year-old, U.S. Army veteran and Christian minister in the Tampa Bay, Florida area has officially released his new book, *Walking Trophies*, to help change the trajectory in the decline in personal evangelism. Marquez says, “*Many Christians have retreated in their call to Personal Evangelism. It is every Christian’s responsibility to advance the cause of Christ, but a lot of believers truly struggle in this area.*”

In his book, ***Walking Trophies***, Marquez Hughley explains how one of the best things we have initially for evangelism is our personal testimony. It’s our empirical evidence – that God has truly done something transformational in our lives. This book provides every reader with a "how-to" guide for unlocking the power of their story!
